

QAGI/EGOCREANET will co-organize the following Conference
with the Endorsement of the Province of Florence

FUTURE HORIZON OF QUANTUM ART AND AUGMENTED REALITY

Firenze, December 14th, 2012

*Venue c/o sala Pistelli - Province of Florence
via Cavour 1, Firenze - www.palazzo-medici.it*

The objective of the conference is to strengthen and enhance the commitment of QAGI in promoting the ECO-ECONOMY and to launch world wide the project:

Quantum Art and AUGMENTED REALITY

*in achronym: **Q.AR.te** = Quantum A/R for territorial marketing*

Q.AR.te project-idea will be a start-up, oriented to join both innovative project linking research in art innovation and companies to the use of "Augmented Reality " to strengthen the partnership between Science and Art Communities in Internet and in improving the world wide artistic promotion of ECO-ECONOMY.

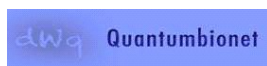

The Committee Members of the "Future Horizons of Quantum Art and Augmented Reality" conference will invite a select group of artists/scientists to respond to both the topics and to present a paper and/or to show artist performances.
